1938	R. I. Allen	Stetson University
1937	H. Harold Hume	University of Florida
1936	Herman Kurz	Florida State College for Women

This list of presidents of the Academy was compiled from past issues of the Florida Scientist and the journals that preceded it as well as recent minutes of business meetings of the Academy. Earlier compilations appeared in 1956, 1961, and 1999. There are some uncertainties in the listings that have appeared when several issues were combined, a meeting was postponed, or perhaps the term of office was extended. [Barbara B. Martin, Dean F. Martin, and Richard L. Turner].
